

## **The Complete Software Suite For Rebar Fabricators and Placers**

### **Contract Management**

- *Full System Security & User Login*
- *Comment Logging For Jobs, Customers, Loads, A/R, etc.*
- *Integration of Multiple Sales, Fab Shop & Inventory Locations*
- *Common Database With ODBC Connectivity*

### **Estimating**

- *Takeoff Entry & Automated Macros*
- *Weight Summary Breakdowns (including field labor)*
- *Import/Export Capability via Email*

### **Sales Proposal**

- *Estimating Pricing (material, fabrication, detailing, field, freight)*
- *Automated Bid & Change Order Proposals (in Word®)*
- *Competition Tracking & Sales Reporting*

### **Contract Award**

- *Complete Integration Between Estimating & Contract*
- *Change Order Status Tracking*

### **Detailing**

- *Barlist Entry By Logical Structures*
- *Live Comparison of Estimate vs Detailed By Bid, Structure, Size*
- *Automated Macros Which Create Barlist & CAD Drawings*
- *Assignment of Detailed Blocks to Releases (export via email)*
- *Block Submittal Sheets, Release Placing Sheets, Barlists, etc.*

### **Drawing Submittal Tracking**

- *Drawing Submittals & Revision Status Tracking*
- *Detailer Time Logging Per Job & Drawing*
- *Numerous Detailer Production Reports (Est vs Detailed, etc.)*

## **The Complete Software Suite For Rebar Fabricators and Placers**

### **Production**

- *Barlist Entry & Automated Macros*
- *Import from Detailing (CAD, Excel, & other formats)*
- *Retail Order Pricing & Invoicing*
- *Shop Scheduling & Release Verification*
- *Tag, Manifest, & Barlist Printing (with an Windows® printer)*
- *2D Barcodes Containing Bending Info For Shop Equipment*
- *Truck Load Assignments & Bill of Lading Generation*
- *Release Status Tracking (Fabbed, Loaded, Shipped, Placed, etc.)*
- *Shop Backlog, Load, Shipment & Inventory Reporting*

### **Production Optimization**

- *Automatic Creation of Schedules for Shop Equipment*
- *Intelligent Binning Logic*
- *Minimizes Fab Labor As Well As Scrap (reducing total cost)*
- *Downloads Shear & Bending Information to Shop Equipment*

### **Mill Certs**

- *Tracks Mill Heat Assignments to Fabricated Releases*
- *Generates Mill Certification Documentation*

### **Field Placing**

- *Time Entry for All Hourly Employees (Field, Shop, Detailers)*
- *Export Payroll Hours (ADP, PayChex, custom acct. system)*
- *Release % Placing Entry By Date*
- *Field Schedules per Job, Structure, Est. Install Rates, etc.*
- *Field Progress Reporting (Estimated, Shipped, Placed)*
- *Certified Payroll, Union Benefit, Certif. of Compliance Reporting*

### **Contract Billing**

- *Automated Billing from Awarded Estimate & Actual Shipments*
- *Complete Change Order Tracking (Pending, Awarded, Approved)*
- *Material Escalation, Freight Penalties, Taxes & Retention*
- *Cash Receipts & Collections (including debits & credits)*
- *Contract Billing Analysis, Contract Summary, A/R Reports, etc.*

## **The Complete Software Suite For Rebar Fabricators and Placers**

### **Backlog Forecasting**

- *Forecast Estimated Backlog to Future Periods*
- *Forecast Automatically Updated from Actual Shipments*
- *Backlog & Purchasing Reporting By Job, Bar Size, etc.*

### **Job Costing**

- *Material, Fabrication, Field, Detailing & Freight Cost/Revenues*
- *Automated Extension of Actual Activity at Estimate Rates*
- *Import Direct Costs per Job from Accounts Payable*
- *Automatic or Manual Override of Costs to Complete*
- *Allocation of Job Costs to G/L Costs*
- *Variance, Job Profit/Loss, Uncompleted Job Analysis Reporting*

### **Accounting Interface**

- *Open Design to Accommodate Any Accounting Software*
- *Inventory, Payroll, G/L Invoice & Cash Distributions*
- *Binary File Imports & Exports, ODBC Data Exchange*

### **Building Products**

- *Designed for Concrete Accessories, Structural Steel & Rentals*
- *Handles Contracts, Design & Build, & Retail (sales & rentals)*
- *Integrated Order Entry & Inventory Allocation*
- *Automatic Generation of Direct & Indirect Purchase Orders*
- *Customer Specific Pricing By Product Line*
- *Customizable Quotations, Pick Tickets, Labels & Invoices*
- *Rental Tracking (returns, lost/damaged items, out for cleaning)*
- *Invoicing for Contract & Retail Rentals*
- *Automatic Inventory Relief*
- *Tracks Remnants for Structural Steel & Plate*
- *Sales Commissions*
- *Reporting:*
  - *Shipments & Rental Returns*
  - *Inventory*
  - *Sales*
  - *Accounting*

## ***The Complete Software Suite For Rebar Fabricators and Placers***

### **Inventory & Purchase Orders**

- *Purchase Order Pricing Linked To Price in Effect At Time of Shipment*
- *Download Bill of Lading and Heat Info From Mills Before Receipt*
- *Print Stock Bundle Tags with 2D Barcodes for Tracking Throughout Fabrication and Shipping*
- *Easy Inventory Transfer Functionality Between Locations*
- *Tracks Machine Production, Delays, and Operator Productivity*
- *Precise Inventory Relief*
- *Auto Assign Mill Heats to Releases*
- *Tracks Multiple Vendor Invoices To A Single Report (Material, Freight, Coating)*
- *Maintains Inventory History for Resolving Problems In The Field*
- *Customizable Purchase Order Generation*
- *Uses Bluetooth Scanners for Real-Time Communication on the Shop Floor*
- *Provides Real-Time Inventory Reporting and Queries*
- *Interfaces With Any Accounting Package*
